Commissioner for Patents

Attached is a Supplemental Notice of Allowance, including an examiner's amendment. Previously, a foreign priority claim was made to a U.S. provisional application, which is not permitted under MPEP 1893.03(c). A claim to a U.S. provisional application should be a domestic claim for priority. Bibliographic data was changed to show such a domestic claim and the specification was amended to add the required statement for a U.S. priority claim to a provisional application.
